To support Gene in fundraising for  
Bay Cliff Health Camp

*Event hosted by the Superior Alliance for Independent Living (SAIL)  
For more information contact Sarah Peura @ 228-5744*

My name is Gene Fletcher. I have cerebral palsy and scoliosis and I am a wheelchair user. I have been going to Bay Cliff Health Camp now for six years. Trek to Bay Cliff is a program where I and other campers can raise money for Bay Cliff Health Camp and bring awareness to the world that kids like me can do the same as other kids without disabilities, it's just a matter of doing it different. We just want an opportunity to do these things.

My goal this year is to ride my wheelchair 100 miles from Rapid River, on the northern tip of Lake Michigan to Big Bay, on the south side of Lake Superior. By pushing, pulling or riding under my own power, this four day trip will be an adventure that will last me a lifetime and allow me to give back to a program that means so much to so many.
